

Get your shoes on with For the Love of Go and track your progress with Athlete Guild!

Let's get setup in Athlete Guild! First, go to athleteguild.com

Click on Log In

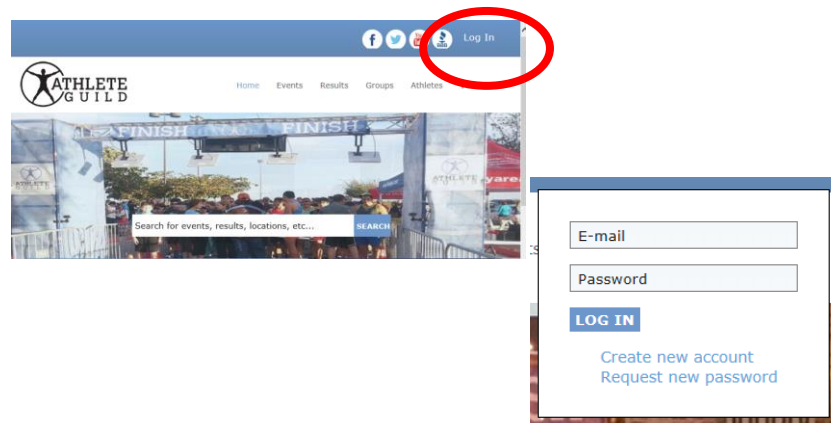

Type in the email and password you've used in the past, request a new password, or create a new account.

Check out all the tabs you have in your profile and update them to reflect YOU. If you have multiple family members, make sure each person has their own account so you can track each person's progress.

If you think you've completed more races than what shows under "My Results", find those events through the search field, look for your name, and click "claim".

Additional Notes: Use the "Athletes" menu option at the top of the page to see if there are multiple profiles for you. It's possible that you have profiles that are not attached to your email account. If you do, Athlete Guild can merge them. You can also claim any profiles that do not have an attached email.

If you have any questions, contact webmaster@athleteguild.com and they will get you set up and ready to go!

Your password and further instructions have been sent to your e-mail address.
